Dear Matt,

If you recall the NSEF story and that of the Miami poli
tape (O in M.O., 384), the name of the man taped, in the event
I didn't tell you or the documents I gave you do not show, is J.A
Milteer. Today I learned the name of the man he expected to do th
shooting: Jack H. Brown, of Chattanooga.

I wonder if Chat. fits the location you have on tape?

I will be adding this, in somewhat amplified form, for
a number of FBI reports and they give detail I cannot in a letter
to the ms of COUP D'ETAT. I do not know when-or if ever- it will
appear. However, if it can be done in brief form without giving
your tape, I'd like to add brief mention of that and the disinte
the FBI, etc. If you say okay, I'll send you what I write and yo
see if it doesn't take edge off. I think it wouldn't.

Pictures not back yet. Expect them tomorrow if I can a
store to pick them up.

Hope you got chance to make most(s).

Naturally, the files have nothing on this Jack H. Bro
two others about whom they say nothing.

Above, I mean nothing to identify source, people wha
etc., only a sentence or two, enough to lead to this. I can giv
copies if you want, of these new docs, now or later, if you wri
